

Rockwell Parts

Rockwell Part - AxleTech International is a leading supplier in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The business prides itself on being its customers' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working within an environment which encourages the highest integrity with empowered collaboration, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The business has put various programs in place in order to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whichever comments or questions, since they are glad to share and promote this policy with a greater understanding of their efforts. They are very committed to improving and preserving the environment. AxleTech has an EHS program which not only protects the natural world but which also actively protects their staff and neighbors too.

AxleTech specializes in the designing and manufacture of planetary axles utilized for both military and commercial applications, that could include anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles to meet certain application demands. They have over one thousand different axle specs in their existing offering. With more than 100+ years of knowledge and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in many commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have further details which can be seen in the "ISAS" product selection.
