Advance-Nilfisk Parts - Imagine how tiresome it will be to tidy up your very own house after having a big party, with out aid from cleaning machines. In the past, when upholstery and carpets had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the state-of-the-art cleaning materials during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After founding his business in 1906, he started to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the beginning was to own a global company marketing merchandise globally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This invention came in a time where numerous cleaning equipment were very big and needed 4 or more operators, hence, the Nilfisk C1 changed everything and developed the way we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing crisis; things get filthy and must be cleaned regularly, without a lot of effort.

Little by little, the business Nilfisk-Advance grew through the years. In the the early part of the 1980's the business developed fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the trade, trying to be an active worldwide player in producing professional cleaning machines. Nilfisk-Advance is currently found in all parts of the world by gradually acquiring lots of small businesses in order to grow their product range and presence in new markets. They are really proud to provide a variety of cleaning solutions to fit each need.
